

Adding a new network from your computer

To add a new network in the MetaMask wallet in the browser you need to:

1. Open your wallet and click on the network button
2. If the BNB Smart Chain network is not in the list, click on "Add network"
3. In the MetaMask settings window that opens, find the BNB Smart Chain network and click "Add"
4. Confirm adding network
5. The network has been successfully added to the wallet and you can immediately switch to it

You can see the connected network in the wallet
